Bowral High - big team, big heart

A team of Bowral High School students travelled to Goulburn on 24 October to contest this traditional event once again. This was a massive team of around 280 students who had been in preparation over weeks of recess and lunchtimes. Bowral's hopes were high and the day was beautiful and sunny. Twenty four matches were contested on the day across activities and sports ranging from Basketball, Soccer, Touch, Volleyball, Softball/T-ball, Hockey, Table Tennis, Lawn Bowls, Netball, Board Games, Computer Games and Master Chef. Goulburn prevailed in yet another close affair - 13 games to 11. It will be a matter of preparing again next year and attempting to rest The Cup, that Goulburn secured for the fifth year running. Goulburn's run of wins has been very impressive and they are to be congratulated on their determination to hold on to the trophy. Congratulations and much appreciation go to Rick Chamberlin and his staff at Goulburn for organising what turned out to be another great day of participation. Well done to all of the students involved in the Smith Cup of 2014.

The event was held to announce winners of the Money Stuff Challenge Competition. The competition involved students from across the state creating short multimedia presentations to convey awareness of a nominated consumer issue.

The girls are looking to use the prize money to support the purchase of technology in the form of multimedia tablets that can be used by future classes in their ongoing studies of Commerce at Bowral High School.
